ABSTRACT

Lifeprints is a four-level program that helps adult English-as-a-Second-Language (ESL) students gain the English language skills they need to participate effectively at work and in their communities. This multimedia kit contains the first level in the series. Level one is divided into six units: "Welcome to English Class"; "Personal Information"; "In the Neighborhood"; "Going Shopping"; "I Am Sick"; and "I Want a Job." The teacher's guide contains photocopy masters for resource activities and self-assessment tools. The audio CD and audiotape provide conversations and prompts used in listening activities, which also serve as models of natural speech. (Adjunct ERIC Clearinghouse for ESL Literacy Education) (KFT)
